NO MAS PLASTIK

Estamos orgullosos de ser parte de la campaña No Mas Plastik dedicada a reducir el uso de plástico en el mundo.

¿SABÍAS QUE CADA PIEZA DE PLÁSTICO QUE SE HA HECHO HOY EN DÍA TODAVÍA EXISTE?

Los plásticos están contaminando nuestro medio ambiente y hoy es el momento de hacer un cambio. Los bioplásticos son similares a los plásticos derivados del petróleo solo que estos están hechos de plantas y son 100% compostables y biodegradables.

Actualmente los bioplásticos tienen un costo más elevado que el plástico convencional, pero el beneficio para las generaciones futuras lo tiene por encima. Para apoyar la campaña, estamos ofreciendo vasos y/o botellas de plástico o papeles de bioplástico. También ofrecemos contenedores para llevar con un pequeño costo adicional.

AYUDAMOS A PROTEGER EL PLANETA. HAZ EL CAMBIO CON BIOPLASTICOS
